	Description	Lead	
1	Welcome and approval of previous meeting minutes	Stephen Javes	
2	<ul> <li>Actions from previous meeting</li> <li>Community Partnership update to be added as an item to next meeting's agenda – see item 7</li> <li>Peter Aldous to contact to Phil Aves regarding dental services across the community – see item 4</li> <li>Kate McFarland to report at the next Place Board regarding Think Clean – see agenda item 6</li> <li>Item on the integrated care system to be added to the next agenda – to be added to next agenda</li> </ul>	Stephen Javes	
3	Covid Update Paul advised that there were no updates specifically on this item, and it can now be removed from the agenda, with the flexibility to re-add if required.	Paul Wood	

oted that Covid is subsiding, however there is the risk it can increase again the Autumn, so we will monitor this and can add the item onto the agenda at a stee if required.  Inities update  Ire currently 3 rough sleepers in Waveney, with 2 situated in Lowestoft. Our modation is at capacity, but all of those who have requested accommodation een housed. We are not seeing the numbers of evictions and new rough sleepers to present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of living crisis.  It present, but this could change with the cost of their oral health. However, and there is a shortage of NHS dentists in the Waveney area. Peter will be the cost of VAT on toothbrushes with Government and has been lobbying leent about the access of dentistry in Waveney.  It do that food is currently the biggest issue in the town at the moment, but oft has a strong food network. Supermarkets are lobbying customers at the cost of their stores to encourage shoppers to consider food bank donations as they hich has improved the contributions. 1300 food parcels were distributed last and there is still a waiting list of 50 families at the Kirkley pantry. Through the refere will be a comprehensive food and activity programme for families, but seeing full time working families needing to use the food banks as the cost	Phil Aves
Inities update  In currently 3 rough sleepers in Waveney, with 2 situated in Lowestoft. Our modation is at capacity, but all of those who have requested accommodation een housed. We are not seeing the numbers of evictions and new rough sleepers to present, but this could change with the cost of living crisis.  In the councillors have pooled their community budgets to distribute 1,500 dental hrough Lowestoft Rising with support from Morrisons to primary school children is one and two, to encourage them to take care of their oral health. However, are a number of children that require dental services for toothache but cannot services due to a shortage of NHS dentists in the Waveney area. Peter will be the cost of VAT on toothbrushes with Government and has been lobbying tent about the access of dentistry in Waveney.  It detent food is currently the biggest issue in the town at the moment, but not has a strong food network. Supermarkets are lobbying customers at the see of their stores to encourage shoppers to consider food bank donations as they hich has improved the contributions. 1300 food parcels were distributed last and there is still a waiting list of 50 families at the Kirkley pantry. Through the rether will be a comprehensive food and activity programme for families, but seeing full time working families needing to use the food banks as the cost of this increases.	Phil Aves
unities update  for currently 3 rough sleepers in Waveney, with 2 situated in Lowestoft. Our modation is at capacity, but all of those who have requested accommodation been housed. We are not seeing the numbers of evictions and new rough sleepers at present, but this could change with the cost of living crisis.  Seeting, we raised the concern of oral health in primary school children in the Councillors have pooled their community budgets to distribute 1,500 dental hrough Lowestoft Rising with support from Morrisons to primary school children is one and two, to encourage them to take care of their oral health. However, are a number of children that require dental services for toothache but cannot services due to a shortage of NHS dentists in the Waveney area. Peter will be the cost of VAT on toothbrushes with Government and has been lobbying then about the access of dentistry in Waveney.  The detection of their stores to encourage shoppers to consider food bank donations as they which has improved the contributions. 1300 food parcels were distributed last and there is still a waiting list of 50 families at the Kirkley pantry. Through the reference of their working families needing to use the food banks as the cost of risis increases. 	rming them. Andrew Peck and Sarah Foote asked for the details of the event to red with them to share with their networks.  Deal update Ing the approval of 4/5 of the Towns Fund projects by the Board, we submitted objects ahead of schedule to the Department for Levelling Up, Housing and unities (DLUHC). We are still waiting to hear the outcome of these submission nem.  Peready to submit our Monitoring and Evaluation report, which states where we hour milestones and any updates to risks.  Penow in the position to submit our bid for the Cultural Quarter which will make full 5 projects we submit to DLUCH. This has been approved by ESC Cabinet, and wask for the Board to approve. Darren presented the project to the Board, gethe locations, plans, change justification, and advised that we are working with rina Theatre on feasibility studies.  Clean: report on cleanliness troduced herself as the Waste Contract Specialist for East Suffolk Council and is gon the new waste contracts and the new East Suffolk LATCo (Local Authority a Company).

Kate explained the gradings of areas that may or may not require regular attention and showed an example of the work completed to date on classifying areas within the town, as well as examples of some of the work carried out to date. New equipment has been purchased to help with the street cleansing across the district, and ESC are working closely with community groups, volunteers, and local companies to improve pride of place.

To note, ESC is not responsible for every path and highway in the district. Weed spraying in other towns and parishes would usually be undertaken by Suffolk County Council Highways – however we are working on an action plan with them on this to share responsibility.

Cllr Ashdown was keen for Kate's team to work with rural villages to see what support could be provided and noted that there is a positive initiative on the Somerleyton Estate. Kate noted that the community support is not limited to Lowestoft, and welcome community groups to contact her. Cllr Ashdown also noted there is a need for advance notice so that residents can move their cars for street cleaners to access the kerbs.

Cllr Rivett wondered if it would be possible to find out when the teams will be working in certain area. Kate advised the teams go out on specific jobs so there isn't necessarily a schedule, but the action plan is for works to be completed based on grading as opposed to schedules. However, Kate is happy to look at areas that fall below the gradings and look to rectify the problems.

Cllr Falat noted that there are also litter issues in the water, especially around Oulton Broad, and could this be considered as part of the system.

Andrew Jarvis noted that Cllr Mallinder, Cabinet Member for the Environment, highlights dog bin emptying on a regular basis.

Amanda Ankin offered support in circulating information to local businesses about the initiative.

Danny noted that it is positive to see the work being undertaken but would encourage SCC to clean the street signs.

Cllr Smith thanked Andy for the supportive comments about the shared responsibility for weed removal. Cllr Smith also noted that unfortunately there is no budget within the Highways department at SCC for the signage cleaning. Cllr Rivett noted that there is a community budget within SCC for volunteers to perhaps fund cleaning equipment for sign cleaning.

## 7 Lowestoft and Northern Parishes Community Update

The Community Partnership has created an initiative to create healthy eating cards which feature recipe ideas containing 5 fruit or vegetables and are designed to support people in making healthy choices and help tackle obesity which is a growing concern in the town.

The partnership is also keen to engage allotments into the healthy school's programme but at present we do not have sufficient funding.

The Task and Finish Group have been working on mental health and isolation and identified an opportunity to open village halls, which are underutilised, for 2 days a week, so that local people have a warm, safe place, along with a meal, as well as resources for support for families, which would help with the cost of living and fuel crisis. At present the group are seeking funding to commence the project.

Cllr Paul Ashdown Danny Steel

	A project is due to start in July to provide transport in rural villages and will see a twice weekly service introduced. Access to rural transport is still an ongoing concern.	
	Danny noted that there is an ambition from Sizewell C to support the community, but there are more organisations that we can approach for project support and would be	
	grateful for Place Board members to reach out to contacts if they can provide support through community budgets.	
	Phil noted that we would support the Ambassador programme to support the Community Partnerships, if the Place Board was in agreement.	
	Action: Kate Ellis to send Danny contact details for contacts within Lowestoft for Community Support.	
	Action: Danny and Cllr Ashdown to be invited to next Ambassador Group event.	
8	East Coast College: External Partnerships	Julia Bates
	Julia Bates was introduced to the Board as East Coast College's new Deputy Principal Curriculum and Strategic Partnerships, who has been appointed to transform ECC's curriculum and relationships with employers.	Suna Bates
	Julia explained the importance of partnership working which supports skills education, noting that it is critical to involve employers and the community to support the curriculum for young people, but also to upskill adult learners. ECC's ambition is for education leavers to be 'job ready'. The college is already looking forward to launching its new T Levels in September. T Levels are two-year technical programmes, designed with employers, to give young people the skills that industries need. T Levels provide 16 to 19 -year olds a technical alternative to A levels, with one T Level being the equivalent to 3 A levels.	
	Cllr Ashdown would like to extend an invitation to Julia to attend the Community Partnerships meeting, which he will send details for.	
	Tom McGarry noted that as part of EDF's MOU with East Coast College, there will be an investment in the college's Skills Centre as well as in adult skills across wider the wider community.	
9	Green Corridor	Cllr Ben Falat
	Cllr Falat introduced a new initiative by Oulton Broad Parish Council (OBPC), to enhance land that is currently unoccupied located beside the Normanston Drive roundabout and improve the connection between Normanston Park and Kesgrave Field. OBPC owns the two sites, Kesgrave Field and Slaters Pit.	
	Part of the area has already seen new build housing introduced, and some parts are outlined for allotments, however other areas of the sites were part of a historic waste tip and are not suitable for any major intervention as we are unable to dig or garden at this location. However, it would be suitable to transform into a green corridor, woodland walk and community orchard.	
	A large amount of clearance has already taken place. OBPC's ambition is to have this complete by the end of the Jubilee Year.	
10	Any other business  Cllr Butler advised that the development phase for the Town Hall have progressed.  Moss King Associates will take on the role of Heritage Coordinator, and Historic England will be appointing a Conservation Management Plan Consultant.	Stephen Javes
	Phil Aves asked that the Place Board utilise the Place Making images in the Board meeting as discussed at the previous meeting. If anyone is unable to locate the images, please email Kate or Gabriella.
